

Project Demo Planning

Date	30 June 2026
Team ID	
Project Name	Opti Crop: Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Project overview and problem statement	2	self
2	Dataset Explanation	Crop recommendation dataset and preprocessing	2	self
3	Machine Learning Model	Algorithms used and model selection	3	self
4	Website Demonstration	Live Flask application demo	4	self
5	Prediction Results	Show crop prediction output	2	self
6	Future Scope & Conclusion	Enhancements and summary	2	self

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Importance of crop recommendation
2	Solution Overview	Explain ML model and Flask application
3	Live Feature Demonstration	Show website and prediction process
4	Q&A Session	Answer evaluator questions
